## Seba Jagat Annual Report 2022-23

Dear Friends,

This is my pleasure to share our activities of 2022-23 with all of you. This year has indeed been a remarkable journey, filled with challenges that we turned into opportunities, and reinforcing our commitment to our mission. Through collective effort and support, we have achieved milestones that were once dreams, bringing transformative changes into the lives we aim to uplift.

During the period we continued focusing our efforts on uplifting the rural economy and community livelihood, providing health services as well improving

health seeking behavior, focusing on continuity in learning for children in vulnerable areas. This has been possible because of the confidence and goodwill of people associated with us. Despite the complexities presented by the global landscape, we have demonstrated resilience, adaptability, and an unyielding dedication to making a significant impact. Our efforts is visible in the development of children, women, youth, families, and communities in adopting change for a better future. Each challenge was met with a strategic approach, leveraging our collective strengths and learning. These experiences have not only strengthened our resolve but have also enriched our understanding, enabling us to be more effective in our mission.

Hopefully, the readers will get information about our various interventions by going through the report in detail As we move forward, our focus remains on building upon the successes of the past year while innovating and adapting to meet the evolving needs of our communities. It is always a great learning opportunity for us when our well-wishers have given their feedback and suggestions for further improvement and modification of our work.

I wish to extend my heartfelt gratitude to all our Resource Agencies, District and Block Administrations ,Govt Departments, Civil Society, Network Ppartners, Knowledge Partner , Media Partners, Board Members, Bank and financial institutions. Colleagues, community members, and well-wishers for their enduring support and encouragement. Without their support, it would not have been possible for Seba Jagat to achieve what it has achieved today and your faith in our mission strengthens our journey forward.

Satyanarayan Pattanayak

Secretary

Seba Jagat is a voluntary organisation, has been working since 1992. It is registered under Societies Registration Act-1860 , FCR Act-1976, 12 A, 80 G, PAN, EPF, CSR, and TAN.

## Vision

Establishing a just, participatory and sustainable society where each individual will live with dignity, self-respect and in harmony with nature.

## Mission

Eradication of poverty through a People Centered action with Gandhian approach of development, works as a catalyst to ensure the active participation of poor, tribals, SC and the downtrodden in rural and urban area for their self-liberation from oppressive conditions of ignorance, fear, poverty and exploitation. They must develop their decision-making potential in order to maintain a respectful, healthy, and hassle-free lifestyle in society. While doing so, organisation is to see that the last person in society is not left out.

## Our Board Members

SL No.	Name	Designation
1	Mr Natabara Padhi	President
2	Ms Pusmitra Kanungo	Vice President
3	Mr Satyanarayan Pattanayak	Secretary
4	Ms Sarada Majhi	Joint Secretary
5	Ms Sunita Tandi	Treasurer
6	Ms Sabitra Patra	Member
7	Ms Samima Bagam	Member

**Auditor of the Organisation**  
**Aman Agrawal & CO**  
**Bhawanipatana**  
**Kalahandi**

## Approach

Collective information on problems and issues with the active participation of the people in the entire process.  
A collective analysis in which people will discuss not only the problem at hand but also the underlying structural causes (socio-economic, cultural, and political)  
Collective action by the people for the long term as well as short-term solutions to their problems.

## Area Coverage

We work in Kalahandi, Kandhamal, Balangir, Koraput and Keonjhar district directly and through network we work in 9 districts of Odisha state.

## Nutrition & Education Programme

The programme focuses on the most effective option of preventing and correcting malnutrition in children through the provision of milk and wellbeing activities to engage in the learning activities to impact their health and wellbeing from 6 months to 6 years with the support of JIV Daya Foundation

**Nutrition activities:** Conducted education activities to 231 Children of 5 Villages of Urladani Gram Panchayat and also provided Milk & Biscuits to 6 month to 5 years Children of the Village in 6 days a week.

**Educational activities:** Conducted 2 hours preschool activities to children for preparing Primary education also crest aware on Health and Hygienic i.e appropriate Hand wash , use of Clean Clothes and concern to the body.

**Parents & Children meeting:** Organized 38 Meetings with parents & Children before beginning the Project & during the project period, so the community is engaged and understand the program and encourage to children for participate in the activities regularly.

Tingri Majhi is a Panga tribal girl, and was a natural choice for the programme owing to her parents poor financial condition, She was accompanying her mother in going labour work, forest work. Initially Tingri was not interested to come to centre and was crying. But slowly she loved the taste of milk and biscuit. She showed interest in dance and song and then in reading. She has a good improvement from 13.700 kg to 18.200 kg. Along with physical improvement her mental growth is noteworthy. She has become confident and is an example for others.

# Adolescent Health Program

Seba Jagat is facilitating Rashtriya Kishor Swasthya Karyakram in 14 blocks of Balangir district with the support of National Health Mission Balangir Odisha under public private initiative since August 2021.

The Objectives of the programs are

- Improve nutrition and reduce the prevalence of malnutrition among adolescent girls and boys
- Reduce the prevalence of iron-deficiency anaemia (IDA) among adolescent girls and boys
- Improve sexual and reproductive health
- Improve knowledge, attitudes and behaviour, in relation to SRH
- Reduce teenage pregnancies
- Improve birth preparedness, complication readiness and provide early parenting support for adolescent parents
- Address mental health concerns of adolescents
- Prevent injuries and violence
- Promote favourable attitudes for preventing injuries and violence (including GBV) among adolescents Prevent substance misuse
- Increase adolescents' awareness of the adverse effects and consequences of substance misuse
- Address NCDs

Promote behaviour change in adolescents to prevent NCDs such as hypertension, stroke, cardio-vascular diseases and diabetes

## STRATEGIES 7Cs:

1. Coverage- Included all in between 10-19
2. Content- Priorities based on 'at risk' analyses – Nutrition – Mental Health – Violence – Substance Misuse – Sexual and Reproductive Health – Non-Communicable Diseases
3. Community
4. Clinics
5. Counseling
6. Communication
7. Convergence

**Crop Diversification Program in Mega-lift irrigation projects (CDP-MLIPs)**

The project is implemented in 10 villages of M. Rampur, Narla and Karlamunda block with the objective of  
 ·Diversification from paddy to non-paddy crops with a focus on pulses, oil seeds, and horticultural crops and improving soil health by encouraging the cultivation of crops with high biomass and low chemical input requirements.

- Strengthening CBOs such as FPOs, WSHGs, PPs, and Agri-entrepreneurs in Cluster-based post-harvest, primary processing, value addition, and marketing as well liasoning wit livestock and fishing
- Community awareness, capacity, and mobilization on cropping pattern sustainability and diet diversification and supporting non-paddy crop produce to be included in various government schemes.

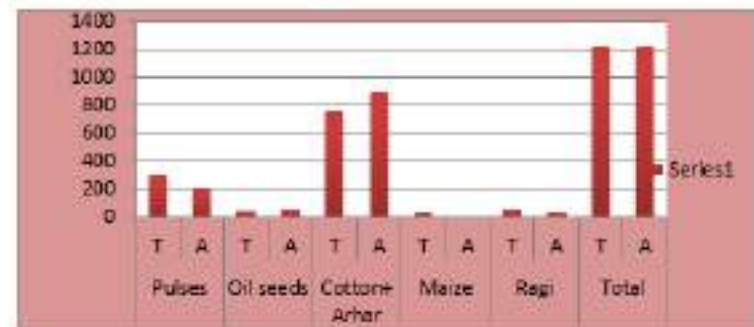

**Work With Communities Institution**

Two aggregation point selected at Palam and Gobindapur village and established marketing linkage with Maa Arnapurna SHG and Saraswati SHG and established the procurement centre and collect agriculture produce from farmers and sale in market at reasonable price.

§ One Bio -Input Supply unit established for Improving soil health in upland & medium land so the women Group prepared bio-input such Compost, Vermi-compost, Vijamruta, handikhata,& other bio-fertilizer and supply in farmers of the area.

Rudna and Bala Sahu of Palam village of Narla block proven if there is a will there is a way. It is impossible to think about agriculture without owning land. But this landless family who are daily wage earner through contract cultivated 1.5 acres land. Though initially traditionally they were cultivating paddy but motivated by the programme they registered as a tenant farmer beneficiary in the project Both of them started working together in all the farming activities. He started intercropping maize and cotton as the land is suitable for. With their sincere effort and regular support and technological assistance from Block Agriculture Office, Narla and FA-Seba Jagat they earned Rs5500 from maize cultivation and Rs 66,400 from cotton cultivation after all his expense. Bala and Rudna who have become the role model in the area along with Block Agriculture Officials and Seba Jagat also thank Mr Chiranjibi Nayak the land holder for all the support.

**Special programme for the promotion of Millets in Tribal Areas**

is a flagship initiative of Government of Odisha. The programme aims comprehensive revival of millets in farms and plates to promote climate resilient farming and contribute to addressing micronutrient deficiency with improving livelihoods of vulnerable farmers in Rain fed Areas. The programme is implemented in 56 village of M.rampur Block with 1000 household. The objectives include:

1. Increasing household consumption of millets
2. Revalorization of millet food cultures in urban and rural areas.
3. Conservation and promotion of millet land
4. Promotion of post-harvest and primary processing enterprises on millets.
5. Improving productivity of millets-based crop systems.
8. Facilitating the millet markets

- Created 160 no of Awareness Campaign in 54 Villages in about production, Health benefits , consumption at Household Level and its marketing of of Millets,

- Participated 21 women farmers at 2 District level Special Programme and participated

- Promotion of local popular varieties through PVT Activities:

- 56 Farmers are participated in 3 Residential training on system of millet intensification (SMI) to increase the production, Land Preparation, Selection of seed, Seed Rate for SMI, Seed Treatment, Raising of Seed Bed, Transplanting, Weeding system Etc.

Organized the 4 Nos. . for CRP and progressive farmers training and discussed about the agronomic practices like four steps of farming.

Organized 3 Food Festivals in project location where 160 participants participated and showed 50 types of dishes from millet The SHG members explained the cultivation of millet, their motivation, its nutritional values, and how millet is helping them earn money.

**Objective of the Project:**

1.To ensure land tenure, livelihood and food security of the forest dwelling Scheduled Tribes and other traditional forest dwellers.

To successfully implement the Forest Rights Act, 2006, and to improve the livelihood of the people by protecting biodiversity and climate balance.

**Activity & Output**

·100 awareness Program organized in 72 Villages where 640 participants are participated and enhanced the knowledge on Commons, Forest Rights Act (FRA) and CFR, Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) and related subjects/ issues and also prepared the plan and approved in Gramasbha meetings.

·Celebrated the world environment day at Gochhadengen village and organized the quiz among students on environment issues and protection . In this program 45 students , Official participated in this program

·Organized the 72 village post management meetings in operational area and set of rules and regulations for strengthening their institutional system

·100 Villages CFR are claimed prepared through FRC and approved in Gram Sabha and submitted at Sub Divisional Committee , Bhawanipatna , Kalahandi

**Peace Appeal and Prayer for Persons Suffering from War in Russia, Ukraine**

**Sampurna barta: Integrated Community Mobiliation for Child Health Nutrition and Development**

Output 1 -Frontline Workers (FLWs) of DHFW, DWCD and PRD working in 44GPs of 2 blocks of Kalahandi District have improved capacity to deliver quality government services related to maternal, infant and young child health services including RI, Early Childhood Development including parenting and nutrition, child marriage and sanitation with special reference to COVID-19 response including counselling for vaccination

Output 2:Community influencers have enhanced knowledge and skill to support FLWs to strengthen community based organisations such as VHNDs, SHGs onmaternal and child health, nutrition, positive parenting, norms on ECM and sanitation including COVID vaccination coverage

Output 3 Families in communities have access to information and counselling to improve the survival and growth of their children and health of mothers and ensuring vaccination of eligible persons for COVID vaccination

Output4: Children In Remote and Far off areas are having access to qualitative education through Outreach sessions

**Summary of progress**

Continuing covid appropriate behaviour, WASH practices as well bringing improvement in MHM behaviour, manage menstruation hygiene with dignity and appropriate sanitation 6 capacity building activities for FLWs were conducted with different stakeholders/departmental personnel,

To sensitise community about child marriage different platforms like SHG, women farmers association, MGNREGS job card holders' association, tribal association, FPOs, GKS are used where the negative impacts of early marriage has been discussed.

The mothers are counselled mostly in the hard-to-reach area and are going for regular immunization.

We are tracking the left out and dropouts and trying to resolve the issues with a joint collaboration of FLWs. VHND and RI sessions are conducted with proper counseling demonstrating hand washing practices with small group counselling.

The no of ANC is increasing owing to more attendance in VHSND . There is a increasing awareness among the mothers to do ANC. This includes early registration, four ANC, IFA, TT, as well proper diet.

There is increased awared and sensitisation among mothers as well care givers are aware about danger symptom and are referring to health institution in case of emergency.

With different training, joint visit the communication and knowledge of FLWs on technical knowledge has improved to counsel on various nutrition and health related behavior

There is a considerable decrease in drop outs during RI . The PNC visits are done by ASHAs and they are mostly counselling on newborn care, exclusive breast feeding, keeping the baby warm, sanitation aspect at home, management of LBW (if).

There is an increasing awareness among adolescents not to marry at an early age and are convincing parents not to do it. The group of adolescent girls have learned the evils of child marriage.

School Sanjog program had good impact on the children as well as on the community,,ncouraged the childrens to learn with fun. During the period we have reached around 1100 children from poor forest dwelling families and encouraged them to retain in school through education motivation. ·Children have developed the habit of sitting and reading together . They are also practising the songs and other extracurricular activities

**Independence day observation with Sanitation Drive**

**Expanding livelihood options of women**

Expanded access to and control over productive assets for improved livelihood security for traditional forest dweller families with focus on Forest Right Act

·Women specifically from vulnerable community traditional forest dweller households empowered to effectively engage in local decision-making

Capacities of Panchayati Raj Institutions expanded, enabling effective policy and programme implementation

**Association of single Women**

With the support of American India Foundation we had the opportunity to continue the second Fellowship programme . It was very helpful for reporting, documentation, planning climate resilient activities. Through this fellowship programme there was a new dimension to the present as well continuing activities. The Fellow was helpful in developing training material, conducting training, preparing reports, writing case study.

**Totally 137 PRI Members got Induction training with the support of SIRD**

cycle rally to sensitise people about climate change effects

We are thankful to our Partners in the Journey
